

Changes to AY2021 Winter Entrance Examination (Department of Computer Science)

- All the changes announced by the Graduate School are applied. Refer to "Changes to AY2021 Winter Entrance Examination" at [the "Admissions" homepage of the Graduate School of Information Science and Technology, the University of Tokyo](#).
- Refer to "[Guidelines for Submission of TOEFL Scores \(for AY2021 Winter Entrance Examination\)](#)" at the abovementioned homepage for the procedure to submit your TOEFL score. You do not need to submit the "TOEFL Score Submission Form" mentioned in the "Required Documents" in the Entrance Examination Guide of the Department of Computer Science.
- We hold a briefing session of the online examinations of the Department of Computer Science.
 - The briefing session takes place online, using Zoom.
 - January 13, 2021 (Wed) 14:00-16:00
 - All master program applicants and doctoral program applicants who pass document screening must attend the briefing session. Please notify the department by the application deadline if you cannot attend it for an unavoidable reason.
 - Announcement of the briefing session will be emailed by December 28, 2020. Please notify the department by January 7, 2021 if you do not receive this announcement.
 - Please also prepare the necessary place, equipment, and software listed below, by the briefing because a trial of the examinations is conducted at the briefing session.
 - Place to take written/oral exams where others do not come in.
 - PC and a separate web camera.
 - You may use a smartphone as an alternative to the web camera:
 - Connect a smartphone camera to the PC, using an additional software driver, or
 - Use a smartphone as a secondary client device for Zoom and turn on the video, i.e., you have two sessions for Zoom.
 - [The latest version of Zoom](#)
 - Digital camera (which can take a readable, clear photo of A4 answer sheets).
 - Camera on a smartphone is acceptable.
 - Scanner is acceptable.
 - Internet connection (sufficient for sending live video and audio using Zoom).
 - Answer sheets (10 sheets of A4 blank paper) and writing tools.
- Master Program
 - Written Examinations: conducted on Zoom (Including trial, lunch break, and break/spare time).
 - February 2 (Tue) 10:00-18:00
 - Mathematics and Specialized Subjects

- Oral Examinations: conducted on Zoom. An interview about specialized subjects and prospective research fields is conducted for around 30 minutes. The exact time of meeting and examinations will be notified to each applicant.
 - February 3 (Wed) 10:00-18:00
 - Subjects related to your research fields
- Doctoral Program and Doctoral Program (Special Admission for Working Graduates)
 - Written Examinations: conducted on Zoom (except those exempted from written examinations). Trial, lunch break, and break/spare time are included.
 - February 2 (Tue) 10:00-18:00
 - Mathematics and Specialized Subjects
 - Oral Examinations: conducted on Zoom (except those exempted from oral examinations). An interview about specialized subjects and prospective research fields is conducted for around 30 minutes. The exact time of meeting and examinations will be notified to each applicant.
