Attachment 1

**Requirements of Eligibility for Special Admission for the  
English Program on Intelligent Information Processing,  
Graduate School of Information Science and Technology,  
The University of Tokyo  
(Admission: October 2024)**

The requirements for special admissions for the English Program on Intelligent Information Processing, Graduate School of Information Science and Technology, The University of Tokyo (Admission: October 2024) are as follows. Applicants must satisfy all the requirements stated below.

1. Each applicant must have a desire to enroll at The University of Tokyo as an international student. If selected, he/she must come to Japan as a new international student. The applicants must not be applying to any other MEXT scholarship program including those provided by other universities. Also, in the case that the applicants are applying to MEXT scholarship (embassy recommended) and the applications are ongoing, they must not apply to this program.  
Those who are receiving or have received MEXT scholarship are not eligible.
2. Applicant must have a nationality of a country with diplomatic relations with the Japanese government.  
\* Applicants who have Japanese nationality at the time of application are ineligible.

3. Academic Background

Applicants must have the necessary qualifications to be admitted to the master's program or doctoral program of a Japanese university (including those who are certain to satisfy those qualifications by the time they enter the university).

Refer to the following documents for these requirements:

[https://www.i.u-tokyo.ac.jp/edu/entra/2024\\_adm\\_e.pdf](https://www.i.u-tokyo.ac.jp/edu/entra/2024_adm_e.pdf)

[https://www.i.u-tokyo.ac.jp/edu/entra/2024\\_add\\_e.pdf](https://www.i.u-tokyo.ac.jp/edu/entra/2024_add_e.pdf)

Note that the descriptions of those documents, except "Requirements for Eligibility," are not applicable to this special admission.

Since the admission period is different, please replace "March 31, 2024" with "September 30, 2024" in the Requirements for Eligibility 1. (1) to (6) listed on the page at the above URL.

In the case of conflict, the Japanese version shall prevail and be conclusive.

#### 4. Field of Study

Applicants should have studied information science and technology or related fields at their previous universities.

#### 5. English Proficiency

Applicants must satisfy at least one of the following requirements:

- (i) At the time of entering our graduate school, applicants have certificates from standard language tests which prove that applicants' language capability is no less than CEFR B2 (See ※ below).
- (ii) Applicants have completed the education required for entrance into the master's program or doctoral program of a Japanese university (see Section 3 above), using English as the primary language.
- (iii) The University of Tokyo evaluates that applicants have English capabilities equivalent to or better than that required in item (i).

※ English scores no less than CEFR B2	
Cambridge English Assessment	No less than 160
The EIKEN Test in Practical English Proficiency	No less than 2300
GTEC Advanced/CBT	No less than 1190
IELTS	No less than 5.5
TEAP	No less than 309
TEAP CBT	No less than 600
TOEFL iBT	No less than 72
TOEIC (L&R + 2.5 x S&W)	No less than 1560

In the case of (i) and (ii), the applicants must provide documents that prove those conditions.

The applicant in (i) must obtain and submit a score within its period of validity (\*) by the application deadline.

\*Period of validity for the scores of students who will enroll in October 2024: Tests must have been taken after February 2022

In the case of (iii), a pre-interview will be conducted for preliminary evaluation of English capability, so please contact us before the prescribed deadline.

In the case of conflict, the Japanese version shall prevail and be conclusive.

## 6. Arrival Time in Japan

In principle, applicants should arrive in Japan at the period specified by The University of Tokyo, which will be in September or October 2024.

## 7. Visa Requirement

In principle, applicants should first obtain a new “Student” visa at a Japanese embassy or consulate in their country of nationality, and then enter Japan with a new status of residence of “Student.”

## 8. Non-eligibility

Persons who fall under any of the following categories are ineligible for this special admission.

- (1) Those who are military personnel or military civilian employees at the time of their arrival in Japan or during the period of enrollment;
- (2) Those who are expected to graduate at the time of application and cannot satisfy the prescribed academic background requirements by the deadline given;
- (3) Those who plan to, from the time of application, engage in long-term research (such as fieldwork or internship) outside Japan or plan to take a long-term leave of absence from the university;
- (4) Those who have completed a doctoral course and have no intention of obtaining a degree;
- (5) Those who are enrolled at a Japanese university with a “Student” visa status at the time of application, or those who will enroll or have a plan to enroll at a Japanese university as privately-financed international students between the time of application and the time of admission.
- (6) Those who are residing in Japan at the time of application.

## 9. Notes

During their enrollments at The University of Tokyo, selected applicants must register for “English Program on Intelligent Information Processing.”
